INTRODUCTION

Introduction to Key Performance Indicators – 'KPI'. 'Key performance Indicator' (or KPI) is a metric which is one of the most important indicators of the current performance level of an individual, department and/or a company in achieving goals.

Key performance indicators, or KPIs, give plantation/ mill managers and executives a way to measure the company's productivity. These metrics may be used to compare or benchmark best practices in the industry to improve operational challenges.

The road to business failure is often paved with good intentions, as the drivers of business processes in plantation don't always keep an eye on the path they are taking.
