

Green Lagoon Virtual Pitching

Green Lagoon Technology Sdn Bhd (<https://glt.my>) is the market leader in renewable energy, monetising emitted biogas as a by-product of the palm oil milling industry. Their dedication has led to a group revenue of RM33.7 million in 2021, and they are still growing. Green Lagoon is now raising RM15 Million through Equity Crowdfunding (ECF) on Leet Capital.

Fundraising goal: RM15,000,000

Minimum raise: RM7,000,000

Minimum investment block: RM5,000

Join the virtual pitching session to learn more about this investment opportunity and meet the founders in Green Lagoon. RSVP at <https://bit.ly/greenlagoonpitching>
